

# 2014 Comprehensive FORMULARY

(Complete list of covered drugs)

## AARP® MedicareRx Preferred (PDP)

**Please read:** This document contains information about the drugs we cover in this plan.

For more recent information or if you have other questions, please contact AARP MedicareRx Preferred at:

**1-888-867-5575, TTY 711**

8 a.m. - 8 p.m. local time, 7 days a week

**[www.AARPMedicareRx.com](http://www.AARPMedicareRx.com)**

Learn more about your plan 24/7

If you are a member of a group sponsored plan (your coverage is provided through a former employer, union group or trust), please call the UnitedHealthcare Customer Service number on the back of your member ID card.

**AARP® | MedicareRx Plans**  
insured through **UnitedHealthcare**

This document includes a complete list of the drugs (formulary) for our plan and is current as of November 1, 2013. For an updated formulary (drug list), please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means UnitedHealthcare. When it refers to “plan” or “our plan,” it means AARP MedicareRx Preferred.

**Note to existing members:** This complete formulary has changed since last year. Please review this document to make sure the plan still covers the drugs you take. You must generally use network pharmacies to use your prescription drug benefit.

# The AARP MedicareRx Preferred COMPREHENSIVE FORMULARY (drug list)

A formulary is a list of covered drugs selected by your plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Your plan will generally cover the drugs listed in our formulary (drug list) as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

This document is a **complete** formulary (drug list) of the drugs covered by your plan.

For your drug to be covered by your plan, it must be included in the complete drug list. In most cases, your prescription must also be filled at one of our more than 65,000 network pharmacies. To find out if your drug is covered:

1. See if your drug is included in this complete drug list.
2. Visit your plan website. You can use online tools to look up your drugs. The information is updated on a regular basis. The Web address appears on the front and back cover pages.
3. Call UnitedHealthcare Customer Service. Our contact information appears on the front and back cover pages.

## **When the formulary (drug list) may change**

We try to make as few changes to the formulary (drug list) as possible during the plan year. If there are changes to the formulary (drug list), such as regular or necessary updates, members may see information in their Explanation of Benefits (EOB) statements, member newsletters or other member mailings. If there are changes to the formulary (drug list) outside of regular or necessary updates, members may receive a special mailing.

The formulary (drug list) may change throughout the year when your plan:

- Adds a new drug.
- Removes a drug.
- Changes the requirements or limits for a drug.
- Moves a drug into a different tier.

Generally, if you are taking a drug on the 2014 formulary (drug list) that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2014 coverage year except when a new, less expensive generic drug becomes available or when new information about the safety or effectiveness of a drug is released.

Other types of formulary (drug list) changes, such as removing a drug from the formulary (drug list), will not affect members who are currently taking the drug. For those members it will remain available at the same cost for the remainder of the coverage year. We feel it is important for you to have access for the entire coverage year to the list of drugs that were available when you chose your plan, except when you can save additional money or your safety is a concern.

If we remove drugs from our formulary (drug list), or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members at least 60 days before the change becomes effective, or when the member requests a refill of the drug. At this time the member will receive a 60-day supply of the drug.

If the Food and Drug Administration (FDA) declares a drug on our formulary (drug list) to be unsafe or if the drug's manufacturer removes the drug from the market, your plan will immediately remove the drug from the formulary (drug list) and notify members who take the drug. The enclosed formulary (drug list) is current as of the date printed on the front and back cover pages. To get updated information about the drugs covered by your plan, please call UnitedHealthcare Customer Service or visit our website using the information provided on the cover pages of this formulary (drug list).

## Drug tiers and drug payment stages

The amount you pay for a covered drug will depend on:

- **Your drug payment stage.** Your plan has different stages of drug coverage. When you fill a prescription, the amount you pay depends on the stage you're in.
- **The drug tier for your drug.** Each covered drug is in one of five drug tiers. Each tier has a different copay or coinsurance amount. The chart below shows the differences between the tiers.

**For more information about drug payment stages and copay or coinsurance amounts for each tier, please review your Evidence of Coverage.**

Drug Tier	Includes
<b>Tier 1: Preferred generic</b>	Lower-cost, commonly used generic drugs.
<b>Tier 2: Non-preferred generic</b>	Most generic drugs.
<b>Tier 3: Preferred brand</b>	Many common brand name drugs, called preferred brands, and some higher-cost generic drugs.
<b>Tier 4: Non-preferred brand</b>	Non-preferred generic and non-preferred brand name drugs.
<b>Tier 5: Specialty tier</b>	Unique and/or very high-cost drugs.

### If you qualify for Extra Help

If you qualify for Extra Help for your prescription drugs, your copays and coinsurance may be lower. Members who qualify for Extra Help will receive the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (LIS Rider). Please read it to learn about your costs. You can also contact UnitedHealthcare Customer Service. Our contact information appears on the front and back cover pages.

# How to use the formulary (drug list)

There are two ways to find your prescription drugs in this complete formulary (drug list):

1. **Medical condition:** Turn to the “Covered drugs by medical condition” section, which begins on page 10, to look for drugs based on your medical conditions. For example, if you want to find drugs used to treat high cholesterol, go to the “Cardiovascular Drugs” category and look under “Cholesterol Control Drugs”.
2. **Alphabetical list (index):** If you are not sure what category to look under, turn to the “Index of covered drugs” section, which begins on page 69. Find the name of your drug. The page number where you can find the drug will be next to it.

## Important page numbers

Covered drugs by medical condition.....	10
Index of covered drugs .....	69

## Generic drugs

Your plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name version. Generally, generic drugs cost less than brand name drugs. Talk with your doctor to see if any of the brand name drugs you take have generic versions.

The formulary (drug list) shows **brand name** drugs in **bold** type (for example, **Crestor**) and generic drugs in plain type (for example, Simvastatin).

Drug Name	Drug Requirements Tier & Limits		Drug Name	Drug Requirements Tier & Limits	
Antineoplastics - Drugs to Treat Cancer			Antineoplastics - Drugs to Treat Parasitic Infections		
<b>Alkylating Agents - Chemotherapy Agents</b>			<b>Anthelmintics - Worm Infection Drugs</b>		
Cyclophosphamide (Tablet)	3	B/D	<b>Albenza</b>	3	
<b>Leukeran</b>	3		<b>Stromectol</b>	3	
<b>Antiangiogenic Agents - Chemotherapy Agents</b>			<b>Antiprotozoals - Protozoal Infection Drugs</b>		
<b>Revlimid (10mg Capsule, 15mg Capsule, 25mg Capsule, 5mg Capsule)</b>	5	PA,LA	Atovaquone/ Proguanil HCl (250mg; 100mg Tablet)	3	
			Hydroxychloroquine Sulfate	2	PA

## Restrictions on your coverage

Some of your plan's drugs may have additional requirements or limits on coverage. If your drug has any requirements or limits, there will be a code(s) in the "Requirements & Limits" column of the drug list. The codes and what they mean are shown below.

<b>B/D</b>	<b>Medicare Part B or Part D</b> Depending on how this drug is used, it may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs). Your doctor may need to provide the plan with more information about how this drug will be used to make sure it's correctly covered by Medicare.
<b>LA</b>	<b>Limited access</b> Drugs are considered "limited access" if the FDA says the drug can be given out only by certain facilities or doctors. These drugs may require extra handling, provider coordination or patient education that can't be done at a network pharmacy.
<b>PA</b>	<b>Prior authorization</b> The plan requires you or your doctor to get prior authorization for certain drugs. This means the plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get approval, the plan may not cover the drug.
<b>QL</b>	<b>Quantity limits</b> The plan will cover only a certain amount of this drug for one copay/coinsurance or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.
<b>ST</b>	<b>Step therapy</b> There are effective, lower-cost drugs that treat the same medical condition as this drug. You may be required to try one or more of these other drugs before the plan will cover your drug. If you have already tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan to cover this drug.

You can find out if your drug has any additional requirements or limits by looking it up in the "Covered drugs by medical condition" section that begins on page 10. You can also get more information about the restrictions on specific covered drugs by visiting our website. Our contact information, along with the date we last updated the formulary (drug list), appears on the front and back cover pages.

You and your doctor may ask your plan for an exception to the requirement and/or limit for your drug. See "How to request an exception to the AARP MedicareRx Preferred formulary (drug list)" on the next page or review your Evidence of Coverage to learn more. If you do not get prior approval from your plan for a drug with a requirement or limit, you may be responsible for paying the full cost of the drug.

## If your drug is not on the formulary (drug list)

If your drug is not included in this **complete** formulary (list of covered drugs), you should contact UnitedHealthcare Customer Service and ask if your drug is covered. Our contact information, along with the date we last updated the formulary (drug list), appears on the front and back cover pages.

If you learn that your plan does not cover your drug, you have two options:

1. Ask your plan for a list of similar drugs that it covers. Show the list to your doctor and ask him or her to prescribe one of the drugs from the list.
2. Ask your plan to make an exception and cover your drug. See below for information about how to request an exception.

## How to request an exception to the AARP MedicareRx Preferred formulary (drug list)

At times you may need to ask for drug coverage that's not normally provided by your plan. When you do, your plan will consider your request and respond with a coverage decision (coverage determination).

You can ask your plan to make an exception to the coverage rules. There are several types of exceptions that you can ask your plan to make.

- **Formulary exception:** You can ask your plan to cover your drug even if it is not on the formulary (drug list). If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- **Tiering exception:** You can ask your plan to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- **Utilization exception:** You can ask your plan to waive coverage restrictions or limits on your drug. For example, your plan limits the amount it will cover for certain drugs. If your drug has a quantity limit, you can ask your plan to waive the limit and cover more.

Generally, your plan will approve your request for an exception only if the alternative drugs included in your plan's formulary (drug list), the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause adverse medical effects.

### Who can ask for a coverage decision

You, your authorized representative or your doctor can ask for an initial coverage decision for a formulary exception, tiering exception or utilization restriction exception.

**When you are requesting a formulary exception, tiering exception or utilization restriction exception, your prescriber or physician should submit a statement supporting your request.**

### Receiving a coverage decision

Generally, your plan will make a coverage decision within 72 hours after receiving your prescribing physician's statement. You can request an expedited, or fast, decision if you or your doctor believe your health requires it. If your plan agrees to a fast decision, you will receive a decision within 24 hours after your plan receives your prescriber's or prescribing physician's supporting statement.

# What to do while you talk to your doctor about changing your drugs or requesting an exception

## New or continuing members

As a new or continuing member in your plan, you may be taking drugs that are not on the formulary (drug list). Or you may be taking a drug that is on the formulary (drug list) but your ability to get it is limited. For example, you may need prior authorization before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that your plan covers, or request a formulary exception so your plan will cover the drug. While you talk to your doctor to decide what to do, your plan may cover your drug in certain cases during the first 90 days you are a member of your plan.

For each of your drugs that is not on the formulary (drug list), or if your ability to get your drugs is limited, your plan will cover a temporary 30-day supply (unless you have a prescription written for fewer days) from a network pharmacy. After your first 30-day supply, your plan will not pay for these drugs, even if you have been a member of your plan less than 90 days.

## Long-term care facility residents

If you're a resident of a long-term care facility, your plan will allow you to refill your prescription until we have provided you with a 91- and may be up to a 98-day transition supply of the drug consistent with dispensing increment (unless your prescription is written for fewer days). Your plan will also cover more than one refill of these drugs for the first 90 days you are a member of your plan. If you need a drug that's not on the formulary (drug list) or if you have limited ability to get your drugs but you are past the first 90 days of membership in the plan, your plan will cover a 31-day emergency supply of the drug (unless your prescription is for fewer days) while you request a formulary exception.

## Other transitions

You may have an unplanned transition, like a hospital discharge or a change in your level of care, after the first 90 days of your plan membership. If this happens and your doctor prescribes a drug that's not on the drug list, or if it's difficult for you to get your drugs, you are required to use your plan's exception process. You may ask for a one-time emergency supply of up to 30 days to give you time to talk to your doctor about other treatment options or to try to get a formulary exception.

## For more information

For more information about your plan's prescription drug coverage, please review your Evidence of Coverage and other plan materials. If you have questions about your plan, please contact us. Our contact information, along with the date we last updated the formulary (drug list), appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. Or visit [www.medicare.gov](http://www.medicare.gov).

## Covered drugs by medical condition

The comprehensive formulary (drug list) below provides coverage information about the drugs covered by your plan. If you have trouble finding your drug in the list, turn to the “Index of covered drugs”, which begins on page 69.

The first column of the chart lists the drug name. Brand name drugs are listed in **bold** type (for example, **Crestor**) and generic drugs are listed in plain type (for example, Simvastatin).

The information in the second column of the chart shows you which coverage level (tier) your drug is in.

The Requirements & Limits column shows you if your plan has any special coverage requirements for the drug. If quantity limits apply to a drug, the restriction amounts are shown in the chart on pages 64-68.

Drug Name	Drug Requirements Tier & Limits		
<b>Analgesics - Drugs to Treat Pain, Inflammation, and Muscle and Joint Conditions</b>			
<b>Analgesics - Miscellaneous Analgesics</b>			
Butalbital/ Acetaminophen	†	3	QL
Butalbital/ Acetaminophen/ Caffeine	†	3	QL
Butalbital/Aspirin/ Caffeine (Capsule)		3	
Tencon	†	3	QL
Zebutal	†	3	QL
<b>Nonsteroidal Anti-Inflammatory Drugs - Pain/Anti-Inflammatory Drugs</b>			
<b>Celebrex</b>		4	
Diclofenac Potassium		2	
Diclofenac Sodium DR		2	
Diclofenac Sodium ER		2	

  

Drug Name	Drug Requirements Tier & Limits		
Diclofenac Sodium/ Misoprostol		4	
Diflunisal		2	
Etodolac		2	
Etodolac ER		2	
Fenoprofen Calcium		2

## Drugs with a quantity limit

This list shows drugs that have a quantity limit. Your plan will cover only a certain amount (days' supply or amount dispensed) of these drugs for one copay/coinsurance or over a certain number of days. These limits may be in place to ensure your safety.

Drugs are listed in alphabetical order in the chart below. Some drugs come in many strengths. Each strength may have a different quantity limit. If quantity limits for a drug vary by strength, the different strengths are listed on separate lines.

For more information about quantity limits, talk to your doctor or pharmacist. You can also contact us. Our contact information, along with the date we last updated the formulary (drug list), appears on the front and back cover pages.

Drug Name	Quantity Limit
<b>Abilify (Oral Solution)</b>	Maximum of 25 ml per day
<b>Abilify (Tablet)</b>	Maximum of 1 tablet per day
<b>Abilify Discmelt (10mg Tablet Dispersible)</b>	Maximum of 3 tablets per day
<b>Abilify Discmelt (15mg Tablet Dispersible)</b>	Maximum of 2 tablets per day
Acetaminophen/Caffeine/Dihydrocodeine Bitartrate	Maximum of 5 tablets per day
Acetaminophen/Codeine (Oral Solution)	Maximum of 140 ml per day
Acetaminophen/Codeine (Tablet)	Maximum of 13 tablets per day
<b>Actiq</b>	Maximum of 4 lozenges per day
<b>Advair Diskus</b>	Maximum of 1 inhaler (60 blisters) per 30 days
<b>Amitiza</b>	Maximum of 2 capsules per day
<b>Avinza (120mg Capsule Extended Release 24 Hour)</b>	Maximum of 6 capsules per day
<b>Avinza (30mg Capsule Extended Release 24 Hour, 45mg Capsule Extended Release 24 Hour, 60mg Capsule Extended Release 24 Hour, 75mg Capsule Extended Release 24 Hour, 90mg Capsule Extended Release 24 Hour)</b>	Maximum of 4 capsules per day
Azelastine HCl (Nasal Solution)	Maximum of 2 bottles (60ml) per 30 days
Butalbital/Acetaminophen	Maximum of 6 tablets per day
Butalbital/Acetaminophen/Caffeine (Capsule)	Maximum of 6 capsules per day
Butalbital/Acetaminophen/Caffeine (Tablet)	Maximum of 6 tablets per day
Butalbital/Acetaminophen/Caffeine/Codeine	Maximum of 6 capsules per day

**Bold type = Brand name drug**

Plain type = Generic drug

<b>Drug Name</b>	<b>Quantity Limit</b>
Butalbital/Aspirin/Caffeine/Codeine	Maximum of 6 capsules per day
Co-Gesic	Maximum of 8 tablets per day
<b>Cymbalta</b>	Maximum of 2 capsules per day
Endocet (325mg; 10mg Tablet, 325mg; 5mg Tablet, 325mg; 7.5mg Tablet)	Maximum of 12 tablets per day
Endocet (500mg; 7.5mg Tablet)	Maximum of 8 tablets per day
Endocet (650mg; 10mg Tablet)	Maximum of 6 tablets per day
Enoxaparin Sodium (100mg/ml Injection, 150mg/ml Injection)	Maximum of 2 syringes (2ml) per day
Enoxaparin Sodium (120mg/0.8ml Injection, 80mg/0.8ml Injection)	Maximum of 2 syringes (1.6ml) per day
Enoxaparin Sodium (300mg/3ml Injection)	Maximum of 1 vial (3ml) per day
Enoxaparin Sodium (30mg/0.3ml Injection)	Maximum of 2 syringes (0.6ml) per day
Enoxaparin Sodium (40mg/0.4ml Injection)	Maximum of 2 syringes (0.8ml) per day
Enoxaparin Sodium (60mg/0.6ml Injection)	Maximum of 2 syringes (1.2ml) per day
<b>Exalgo (12mg Tablet Extended Release 24 Hour)</b>	Maximum of 6 tablets per day
<b>Exalgo (16mg Tablet Extended Release 24 Hour, 8mg Tablet Extended Release 24 Hour)</b>	Maximum of 2 tablets per day
<b>Fanapt</b>	Maximum of 2 tablets per day
<b>Fazaclo (12.5mg Tablet Dispersible)</b>	Maximum of 2 tablets per day
Fentanyl (Patch)	Maximum of 30 patches per 30 days
Fentanyl Citrate Oral Transmucosal	Maximum of 4 lozenges per day
<b>Fentora</b>	Maximum of 4 tablets per day
<b>Flovent Diskus</b>	Maximum of 2 inhalers (120 blisters) per 30 days
Hydrocodone/Acetaminophen (300mg; 10mg Tablet, 300mg; 5mg Tablet, 300mg; 7.5mg Tablet)	Maximum of 13 tablets per day
Hydrocodone/Acetaminophen (325mg/15ml; 7.5mg/15ml Oral Solution)	Maximum of 180 ml per day
Hydrocodone/Acetaminophen (325mg; 10mg Tablet, 325mg; 5mg Tablet, 325mg; 7.5mg Tablet)	Maximum of 12 tablets per day
Hydrocodone/Acetaminophen (500mg/15ml; 7.5mg/15ml Oral Solution)	Maximum of 120 ml per day

**Bold type = Brand name drug**

Plain type = Generic drug

Drug Name	Quantity Limit
Hydrocodone/Acetaminophen (500mg; 10mg Tablet, 500mg; 2.5mg Tablet, 500mg; 5mg Tablet, 500mg; 7.5mg Tablet)	Maximum of 8 tablets per day
Hydrocodone/Acetaminophen (650mg; 10mg Tablet, 650mg; 7.5mg Tablet, 660mg; 10mg Tablet)	Maximum of 6 tablets per day
Hydrocodone/Acetaminophen (750mg; 10mg Tablet, 750mg; 7.5mg Tablet)	Maximum of 5 tablets per day
Hydrocodone/Ibuprofen (7.5mg; 200mg Tablet)	Maximum of 5 tablets per day
<b>Invega (1.5mg Tablet Extended Release 24 Hour)</b>	Maximum of 8 tablets per day
<b>Invega (3mg Tablet Extended Release 24 Hour)</b>	Maximum of 4 tablets per day
<b>Invega (6mg Tablet Extended Release 24 Hour)</b>	Maximum of 2 tablets per day
<b>Invega (9mg Tablet Extended Release 24 Hour)</b>	Maximum of 1 tablet per day
<b>Kadian (100mg Capsule Extended Release 24 Hour, 200mg Capsule Extended Release 24 Hour)</b>	Maximum of 6 capsules per day
<b>Kadian (60mg Capsule Extended Release 24 Hour, 80mg Capsule Extended Release 24 Hour)</b>	Maximum of 4 capsules per day
<b>Latuda (120mg Tablet, 20mg Tablet, 40mg Tablet)</b>	Maximum of 1 tablet per day
<b>Latuda (80mg Tablet)</b>	Maximum of 2 tablets per day
<b>Lidoderm</b>	Maximum of 3 patches per day
Loxapine Succinate (5mg Capsule)	Maximum of 50 capsules per day
<b>Lyrica (100mg Capsule, 150mg Capsule, 200mg Capsule, 25mg Capsule, 50mg Capsule, 75mg Capsule)</b>	Maximum of 3 capsules per day
<b>Lyrica (225mg Capsule, 300mg Capsule)</b>	Maximum of 2 capsules per day
<b>Lyrica (Oral Solution)</b>	Maximum of 30 ml per day
Modafinil (100mg Tablet)	Maximum of 1 tablet per day
Modafinil (200mg Tablet)	Maximum of 2 tablets per day
Morphine Sulfate ER (100mg Capsule Extended Release 24 Hour)	Maximum of 6 capsules per day

**Bold type = Brand name drug**

Plain type = Generic drug

Drug Name	Quantity Limit
Morphine Sulfate ER (100mg Tablet Extended Release, 200mg Tablet Extended Release)	Maximum of 6 tablets per day
Morphine Sulfate ER (15mg Tablet Extended Release, 30mg Tablet Extended Release, 60mg Tablet Extended Release)	Maximum of 4 tablets per day
Morphine Sulfate ER (20mg Capsule Extended Release 24 Hour, 30mg Capsule Extended Release 24 Hour, 50mg Capsule Extended Release 24 Hour)	Maximum of 2 capsules per day
Morphine Sulfate ER (60mg Capsule Extended Release 24 Hour, 80mg Capsule Extended Release 24 Hour)	Maximum of 4 capsules per day
Olanzapine (Tablet)	Maximum of 1 tablet per day
Olanzapine ODT	Maximum of 1 tablet per day
<b>Opana ER (Crush Resistant)</b>	Maximum of 4 tablets per day
Oxycodone/Acetaminophen (325mg; 10mg Tablet, 325mg; 2.5mg Tablet, 325mg; 5mg Tablet, 325mg; 7.5mg Tablet)	Maximum of 12 tablets per day
Oxycodone/Acetaminophen (500mg; 7.5mg Tablet)	Maximum of 8 tablets per day
Oxycodone/Acetaminophen (650mg; 10mg Tablet)	Maximum of 6 tablets per day
Oxycodone/Acetaminophen (Capsule)	Maximum of 8 capsules per day
<b>Oxycontin (10mg Tablet Extended Release 12 Hour, 15mg Tablet Extended Release 12 Hour, 20mg Tablet Extended Release 12 Hour, 30mg Tablet Extended Release 12 Hour, 40mg Tablet Extended Release 12 Hour, 60mg Tablet Extended Release 12 Hour)</b>	Maximum of 4 tablets per day
<b>Oxycontin (80mg Tablet Extended Release 12 Hour)</b>	Maximum of 6 tablets per day

<b>Drug Name</b>	<b>Quantity Limit</b>
<b>Provigil (100mg Tablet)</b>	Maximum of 1 tablet per day
<b>Provigil (200mg Tablet)</b>	Maximum of 2 tablets per day
Quetiapine Fumarate (100mg Tablet)	Maximum of 8 tablets per day
Quetiapine Fumarate (200mg Tablet)	Maximum of 4 tablets per day
Quetiapine Fumarate (25mg Tablet)	Maximum of 32 tablets per day
Quetiapine Fumarate (300mg Tablet, 400mg Tablet)	Maximum of 2 tablets per day
Quetiapine Fumarate (50mg Tablet)	Maximum of 16 tablets per day
<b>Roxicet (Oral Solution)</b>	Maximum of 60 ml per day
<b>Saphris (5mg Tablet Sublingual)</b>	Maximum of 2 tablets per day
<b>Sensipar (30mg Tablet, 60mg Tablet)</b>	Maximum of 2 tablets per day
<b>Sensipar (90mg Tablet)</b>	Maximum of 4 tablets per day
<b>Serevent Diskus</b>	Maximum of 1 inhaler (60 inhalations) per 30 days
<b>Seroquel XR (150mg Tablet Extended Release 24 Hour, 200mg Tablet Extended Release 24 Hour)</b>	Maximum of 1 tablet per day
<b>Seroquel XR (300mg Tablet Extended Release 24 Hour, 400mg Tablet Extended Release 24 Hour, 50mg Tablet Extended Release 24 Hour)</b>	Maximum of 2 tablets per day
<b>Spiriva Handihaler</b>	Maximum of 1 capsule per day
Stagesic	Maximum of 8 capsules per day
Tencon	Maximum of 6 tablets per day
Tramadol HCl	Maximum of 8 tablets per day
Tramadol HCl ER (Tablet Extended Release 24 Hour)	Maximum of 1 tablet per day
Tramadol HCl/Acetaminophen	Maximum of 12 tablets per day
Vicodin	Maximum of 13 tablets per day
Vicodin ES	Maximum of 13 tablets per day
Vicodin HP	Maximum of 13 tablets per day
<b>Vimpat (Oral Solution)</b>	Maximum of 40 ml per day
<b>Vimpat (Tablet)</b>	Maximum of 2 tablets per day
Zebutal	Maximum of 6 capsules per day
Ziprasidone HCl (20mg Capsule, 40mg Capsule, 80mg Capsule)	Maximum of 2 capsules per day
Ziprasidone HCl (60mg Capsule)	Maximum of 3 capsules per day

Learn more about your plan 24/7

If you are a member of a group sponsored plan (your coverage is provided through a former employer, union group or trust), please call the UnitedHealthcare Customer Service number on the back of your member ID card.

---

Beneficiaries must use network pharmacies to access their prescription drug benefit. Benefits, formulary, pharmacy network, provider network, premium and/or copayments/coinsurance may change on January 1 of each year.

This information is available for free in other languages. Please call our UnitedHealthcare Customer Service number listed above.

Esta información está disponible sin costo en otros idiomas. Llame a Servicio al Cliente UnitedHealthcare al número indicado arriba.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare. AARP® MedicareRx Plans® carry the AARP name, and UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP.
