

UHC_MMC_Social_What is Part D_What does Part D cover_FINAL

An animated white speech bubble appears over an animated character's green and white head.

ON SCREEN TEXT: What is a Medicare
 Part D Plan?

The character and speech bubble separate and exit the screen on opposite sides.

Blue text appears above a sheet of paper.

ON SCREEN TEXT: Medicare Part D plans are...

The paper and text slide up. Blue text appears, along with blue and white pill bottles.

ON SCREEN TEXT: Stand-alone plans that provide
 prescription drug coverage.

A bottle covers the text and turns over as pills pour out of it.

ON SCREEN TEXT: Part D plans cover certain common
 types of drugs as regulated by the
 federal government, but each plan may
 choose which specific drugs it covers.

The text disappears as the camera moves down to show another sheet of paper.

ON SCREEN TEXT: The list of drugs a plan covers is
 called a formulary.

Text appears on the paper.

ON SCREEN TEXT: Part D plans do not cover:

ON SCREEN TEXT: Drugs that aren't on
 the plan's formulary

ON SCREEN TEXT: Drugs that are covered
 under Medicare
 Part A or Part B

The text is crossed out with a blue line as the page scrolls down.

ON SCREEN TEXT: Drugs that are
 excluded by Medicare

More text is crossed out with a blue line.

After the page scrolls down, the last chunk of text is crossed out with a blue line.

The screen swipes down and white text appears on a blue background.
